TOWN COUNCIL

The Council met on Monday evening last. All present. Mayor Knowles in the chair.

COMMUNICATIONS.

Communications were received from John A. McDonald asking for a two horse dray license. Granted.

ACCOUNTS.

Accounts were received from the P. A. Times for \$30, referred to Finance Committee; from W. R. Gunn, \$3.95 ordered to be paid.

MOTIONS.

Goodfellow—Macdonald—That the collector be instructed to continue giving 10 per cent rebate on all taxes paid up to the 10th of October. Carried.

McPhail—Goodfellow—That the Treasurer be instructed to proceed with the advertising the sale of certain lands for arrears of taxes in the Prince Albert Times. Carried.

PETITION.

A petition was presented from Thos. O. Davis and others asking for the grading of a street across River lots 79, 80, 81 and 82 and H. B. Reserve, and that a sidewalk be laid on same. Referred to a special committee consisting of Couns. McPhail, Knox and Baker.

CONSIDERATION OF BY-LAW.

A by-law re electric light was introduced to confirm agreement between S. McLeod and the town. The by-law carefully regulates the rates, thus guarding the interests of the people, and gives Mr. McLeod the franchise for ten years, and binds him to have the lights in operation by January next.

On Thursday the by-law was read a third time and ordered to be signed, sealed and numbered.

The Council then adjourned.

THE DOMINION ILLUSTRATED.

The Sherbrooke number of this fine pictorial weekly really is a credit to Canada. In the copiousness and execution of its illustrations, it surpasses all previous issues of the same kind and is worthy of the enterprise and progress of Sherbrooke. In the letter press, the early settlement of the townships, especially the St. Francis District, is recounted with accuracy and animation, and the present prosperous condition of the city is described fully. It is a double number, and as it covers the entire annual and social and economic development of the capital of the Townships, it will be well worth preserving. The Dominion Illustrated is published by the Sabiston Lithographic and Publishing Co., 73 St. James Street, Montreal.

LONDON, Sept. 15.—There is a great stagnation in Italy, particularly in the larger cities. The number of unemployed in Turin, Genoa and Bologna is so large that the authorities are alarmed, and it is feared that unless some remedial measures are taken bread riots and other disturbances must ensue.

BERLIN, Sept. 15.—Major Wissman, it is announced will return to Africa on the 15th of October. Dr. Peters will either be appointed consul at Zanzibar or enter the foreign office.

MONTREAL, Sept. 15.—When the case of C. Hale, of Cleveland, Ohio, charged with shooting with intent to kill his brother-in-law, Eugene H. Coules, in this city last June, was called in the Court of Queen's Bench this morning, the counsel for the prisoner said he wished to withdraw the plea of not guilty of the charge and substitute one of aggravated assault. The opposing counsel accepted the plea and said they were unwilling to prosecute. Judge Cross summed up the case and said he would impose a fine of \$500, which was promptly paid and the case came to an end.

Morning papers discuss the stringency in the New York money market at considerable length. Some of them suggest that the "Philadelphia Club Manufacturers" hold the issue of the crisis in their hands, the trouble being due to their demands for the return of an equivalent for their money which bought Harrison's election.

A RARE CHANCE.

Raptured and deformed people should not forget that Chas. Cluthe, the celebrated Surgical Mechanist, of 115 King Street West, Toronto, will make a trip through the Northwest, as will be seen by the advertisement in another column. Mr. Cluthe has attained a wide spread reputation for the cure of Rapture and Deformities by Mechanical Treatment; and is known all over the Dominion as a man of rare ability and skill. I have mastered this difficult profession as thoroughly as he has, and certainly have had attained public fame and confidence to rapidly. He deserves his success, so give him a call if you require anything in his line. Be sure to locate your nearest place from his advertisement and in time, as Mr. Cluthe's visit cannot be prolonged and you can depend on his being at the place advertised on time.

In the removal of Supt. Perry of the N.W.M.P., Prince Albert loses one who has worthily filled an important place in the community for five years. By natural ability, education and training Supt. Perry is admirably suited for the honourable position he has attained — and, with his thorough knowledge of character, cool judgment, capable temper, habits of discipline and total immovability to flattery or lip service, we should find it difficult to imagine an officer better qualified for the efficient discharge of some of our most onerous duties. In all movements for the entertainment and amusement of the people, in every scheme of an instructive and elevating tendency he has invariably been a willing and earnest sympathizer and all manly sports and pastimes have found in him an active and energetic supporter. We shall watch his career with interest, and in bidding him and his amiable family farewell, we offer our best wishes for their future happiness and success in life. Shortly before leaving of the train an address, signed by a large number of his personal friends, was presented to Major Perry.

TORONTO, Sept. 15.—T. Benwell, a brother of Churchill's victim, is in Toronto having come from the old country to attend the trial at Woodstock next week. Col. Benwell, his father, intended coming to attend the trial, but last month was seized with hemorrhage, and for a time his life was despaired of. Mr. Benwell is adverse to talking about the case, and said he hoped the Canadian newspaper would not treat the trial in the sensational manner in which he understood some New York papers proper doing. He said his brother could not have had much in his possession when he was killed.

The British farmer delegates visited the public schools and veterinary college this morning. This afternoon a number visited the Agincourt district, and others Hamilton and neighborhood. To-morrow they will inspect the live stock at the exhibition, and leave in the evening for Winnipeg.

LONDON, Sept. 15.—Friends of the revolutionary leaders in Ticino are pleading at Berne with the federal authorities for clemency towards the offenders. It is believed that the appeal will be successful, and that all concerned in the uprising will be pardoned. The general feeling is that the sooner the event is allowed to pass out of public mind the better, and that the importance of the movements should be minimized as much as possible.

The International Old Catholic conference opened to-day at Cologne. It is the first gathering of its kind and is something in the way of an experiment, although its action may be of considerable importance. The Old Catholics of Germany, Austria and Switzerland aggregate 120,000, while there are some seven or eight thousand in Holland.

The man Sorenson, now awaiting trial for the murder of Anthony Wilkins, had forwarded the passage money for his wife and child from the old country only a few days before the drunken row that ended so sadly for him. Subsequently the wife was written to and advised to stay at home. This, however, seems to have been too late, as Mrs. Sorenson and her child, about two years of age, arrived in Winnipeg yesterday morning. She visited her husband at the jail yesterday afternoon, and the meeting was very affecting.

FRIDAY, SEPT. 26, 1890.

We are of the opinion that much
more benefit would have been de-
rived from the visit of Sir Hector
Langevin had practical steps been
adopted by those who managed his
movements while in town. We are al-
ways pleased to see our private educa-
tional institutions visited by every
class, more particularly by men occu-
pying responsible positions such as
Sir Hector does, and while these insti-
tutions go far towards giving our
town a reputation, our public school
system also counts high in our record
of development, and he should have
seen and examined the educational
facilities the public have established.
More important still as a matter of
information to a Minister of Public
Works are our Government offices.
Practical men should have seen the
wisdom of demonstrating to him the
justness of our repeated demands
for more commodious and secure
public buildings. Take our land
and crown timber office; not large
enough for a good sized safe. Our
registry office, the outside appear-
ance of which alone is a disgrace to
any Government, and its internal
fixtures such that at any time we
may expect to hear an alarm of fire,
when no power on earth will save one
halt the valuable papers therein pre-
served. He could have seen the
court house, and after a careful in-
spection some definite knowledge as
to what is to be done with it could
have been looked for. Our post
office could have been seen, and the
monument of a Government's liber-
ality could have been pointed out to
him while passing the telegraph
office. Then time permitting the
pleasure drive provided Sir Hector
and his party could have been in-
dulged in. The leaders of the re-
ception party did a portion of their
work well and the public appreciate
such efforts, but an important oppor-
tunity was neglected. The Minister
of Public Works has come and gone
and so far as seeing gave him infor-
mation, he has no idea of the condi-
tion or position of the excuses for
public buildings provided the people
of Prince Albert and surrounding
country.

The Regina Journal may be pub-
lished by a religious editor, and he
may have private grievances against
Governor Royal, and parrot like
papers also issued under a cloak of
morality may take pleasure in assist-
ing him to air them by reprinting
his heavy editorial articles, but after
all is done no serious injury will re-
sult to the country or the honorable
gentleman who for the time being
presides over it, and against whom
the highly moral individuals referred
to are just now trying to create a
race prejudice. Personally we take
very little stock in their latest com-
plaint. We are a mixed people, and
unfortunately among our population
a few can be found whose vision
never extends beyond themselves. A
more extended list of books recently
purchased for the Territorial library
might have been published by the
injured editor, but then his narrow
mindedness, which is becoming more
apparent each week, would not ad-
mit of any such honesty. A few more
efforts like his last and the smallness
of the exceptionally clever editor of
the Journal will have become so well
established that his friends will feel
justified in laying him to rest, wrap-
ped in the skin of an inferior sized
baked potatoe.

HECTOR'S VISIT

Hon. Sir Hector Langevin, Minister of Public Works, who had been making his tour through the Northwest for the purpose of his health reached here about 10 o'clock on Friday evening last, by the R. L. L. & S. Railway. After the arrival of Sir Hector, the citizens decided to tender him a welcome. About 8 o'clock a large number of citizens formed a torchlight procession headed by the N. W. M. Police and marched to the station. Sir Hector then stepped on the rear platform of a special car, where he was received and welcomed to the town by Mayor J. F. A. Stull. The following address of welcome was then read by Mr. J. F. A. Stull, which the hon. gentleman made a kind and happy reply, expressing his pleasure at this his first visit to Prince Albert. On Saturday morning he was around the town by Mr. Macdowall and expressed himself very much pleased with what he saw. Just before 11 a.m., he was presented with a letter from the Conservative Association read by Dr. Bain. To each of the addresses Sir Hector made a kind reply promising to use his influence with his brother colleagues in any way to further the interests of Prince Albert.

CITIZENS' ADDRESS.

Hon. Sir Hector L. Langevin, M.P., Minister of Public Works.
—On behalf of the citizens of Prince Albert and without distinction of party, the members of the corporation, desire to offer you a cordial welcome on this first visit to our town and district. A very recent date, our settlement is so remote as to be practically inaccessible except to those who had much at their disposal; but we are truly glad that now the partial completion of the railway connecting us with the world has rendered your present visit possible and enabled you to see the once tedious and toilsome journey with speed and comfort. On this day we remember with great pleasure, in their endeavors to procure the construction of this railway, the object of so much past anxiety and many present hopes, the people of the district received your full sympathy as your active support.

Common with the whole population of the Northwest Territories, we rejoice in the extension of the railway system and the extension of the railway system allows Ministers of different Departments of the Government to make periodic visits to many parts of our country and to become personally acquainted to a great extent, its varied capabilities, its great resources, its aspirations, and its requirements. We are glad that the first Cabinet Minister to visit our settlement over the Regina, Lake and Saskatchewan Railway, is the head of the Department of Public Works. The marked ability with which you discharge the multifarious duties of your department, your lengthened and consistent career as a statesman, the respect and honor that you have won in the most memorable events of your life, your unwavering patriotism and your recognized position as one of the trusted of our French-Canadian people, all constitute a powerful claim to our respect and admiration, which we proudly hold here and thus to welcome you.

Now bidding you welcome to Prince Albert, we trust you will accept, in the friendly spirit in which it is offered, the sentiments we have endeavored herein to express in lieu of any formal demonstration, which, though it might be more elaborate, could scarcely be more sincere. We hope your present visit to the Northwest will have beneficial results leaving pleasant memories behind and that you will be long spared to take a part in guiding the destinies of our common country.

We have the honor to be, sir,
Your obedient servants,
J. KNOWLES, Mayor,
J. F. A. STULL, Clerk.

CONSERVATIVE ASSOCIATION ADDRESS.

Hon. Sir Hector L. Langevin, M.P., Minister of Public Works, Dominion of Canada.
—In conjunction with all other members of the Liberal-Conservative Association join in extending a welcome to our town and district.

The exigencies of our position justified the movement, of which you are so much a member, in so altering their railways that to-day you are

able to reach this hitherto isolated quarter with ease and comfort, for which the members of our Association and all others are truly grateful.

We are not unmindful of the prominent part you have for years taken in state affairs, and the success which has ever attended your efforts, as a Minister of the Crown, is particularly grateful to the Saskatchewan members of that party of which you are so distinguished a leader.

We regret to learn that a constitution always rugged has been overtaken in the service of its country, but trust that the extended trip you are now returning from will have again fitted you to battle for Dominion development and the success of our party.

We have a large and fertile country capable of producing an almost unlimited food supply, but as yet scarcely populated. An active immigration policy on the part of the Government will people our lands and encourage the old settler, who years ago undertook to establish a reputation for the Saskatchewan Valley.

We regret that the shortness of your stay will not permit of our showing you any extended hospitalities, but we hope that our town and country will have so impressed you, that within a very limited time you will see the wisdom of more carefully examining their needs and resources. As Minister of Public Works, your connection with our interests, must each year become more marked. Public buildings and Government institutions are and must continue to be needed. The members of the Liberal Conservative party of Prince Albert have faith in their party leaders, and await with confidence their actions on these and all other important questions.

Through you we desire to extend to Sir John Macdonald, the great leader of Dominion Conservatives, our sincere thanks for the interest he has always shown in matters affecting the people.

We pray for you a safe return to duty, and trust that a recollection of this short visit to the historic Saskatchewan may always excite a feeling of pleasure in your breast. We wish you a long and happy life, with a continuance of that confidence Liberals and Conservatives alike have always manifested towards you, and hoping for you and your party a long voyage to your distant home.

We have the honor to subscribe ourselves on behalf of the Liberal Conservative Association of Prince Albert,
JAS. McKAY, Secretary.
H. U. BAIN, President.
